

Pat Hughes

Many years ago I had operation on both feet
(arches were broken) & repaired

Because of recent loss of sight I cannot
maintain the constant care needed to permit
ease of movement.

Rosemary cleans, shapes & files my nails.
She removes corns, callus & provides a massage
~~to~~ with cream which soothes painful areas &
encourages my feet to move more freely &
securely.

I am now able to move about with greater
freedom & have commenced regular walks again!
This has given me more confidence & helped with
weight control.

Rosemary is a very pleasant, capable person
with a sure touch. I consider her the best
Podiatrist I have ever visited.
